Drawing 122. Arrangement of the city streets, with reference to the main arrangement of the city streets.

The plan of the city is divided into four main sections, each of which is further subdivided into smaller sections. The main sections are labeled A, B, C, and D. The subdivisions are labeled with letters and numbers. The plan shows the main streets, the streets of the subdivisions, and the streets of the blocks. The plan also shows the location of the main public buildings, the main schools, and the main churches.
